Citizen Petition Regarding Proposed Lighted Sports Complex at Warren G. Magnuson Park

The 22 acre, 640,000 watt illuminated sports field complex proposed for Magnuson Park at Sand Point will have profound adverse effects on neighborhoods on the east side of Lake Washington, including the full length of Kirkland, as well as Holmes Point, Champaign Point, Juanita Point, Evergreen Point, Hunts Point, and Yarrow Point. The effects of this project on Eastside residents have not even been considered by the Seattle Parks Department in their Final Environmental Impact Statement.

The undersigned hereby opposes the Seattle Parks Department's lighting plan for its sports field complex at Magnuson Park and urges their local city council to take immediate action to prevent this construction from going forward.

[We will submit a copy of the upper portion of this form (above the line only) to your local city council]

Email: |___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|___|

[Why we'd appreciate your email address: Email allows us to provide you with periodic updates in a timely and cost effective manner. Supplying your email address will not result in spam and we will not use your email address for any other purpose other than to keep you informed on this issue. We will respect your time by limiting the frequency of email updates and we will respect any future requests to be removed from our email list.]

Daytime Phone ________________ **Evening Phone** ________________

[Why we'd appreciate your phone number: To be effective, we need to be able to mobilize quickly to take advantage of opportunities that arise. For example, an opportunity to present before a city / neighborhood council can pop up one or two days beforehand. Phoning residents may be the only practical means to assure a large enough citizen presence at the council meeting to guarantee our position is taken seriously. We will respect your privacy by restricting access to our phone list and only calling you if essential.]

Please consider volunteering, or providing financial assistance, or both… Regardless, please return this petition!

☐ ***Yes, I am willing to consider volunteering time to this cause.***

Ways I may be able to lend assistance ______________________________

☐ ***Yes, I am willing to help out financially.***

[$50 helps us send out mailers to 40 more impacted homeowners. $100 covers our phone, web hosting, and mailbox overhead for a month. $250 covers an hour's worth of legal fees (we expect we'll need a lot of hours…). $500 covers the cost of an ad in a community newspaper. $1000 helps finance a lighting demonstration so Eastside residents can get a better idea what's at stake. Please be generous—what is your view worth to you? Checks should be made out to Eastside Friends of Lake Washington. Please note that, at this time, we are not registered as a tax-exempt charity so contributions do not qualify as tax deductible.]

AMOUNT ENCLOSED:________________
