

Table of Contents

Executive Summary.....	i
Scope of Work.....	iii

Section One – Summary of Existing Conditions

Conditions Assessment Summary	1-1
Conditions Summary Matrixes.....	1-4
Criteria and Recommendations Matrix.....	1-6
Upgrade Priority Matrix	1-7
Ballard Field Existing Conditions Survey	1-8
Bitter Lake Field Existing Conditions Survey.....	1-15
Bobby Morris Existing Conditions Survey	1-21
Brighton Field Existing Conditions Survey.....	1-27
Dahl Field Existing Conditions Survey.....	1-34
Delridge Field Existing Conditions Survey.....	1-39
Garfield Field Existing Conditions Survey	1-46
Georgetown Field Existing Conditions Survey.....	1-52
Hiawatha Field Existing Conditions Survey	1-59
High Point Field Existing Conditions Survey	1-65
Interbay Stadium and Field Existing Conditions Survey	1-71
Lower Woodland Fields Existing Conditions Survey	1-78
Loyal Heights Field Existing Conditions Survey	1-93
Miller Field Existing Conditions Survey.....	1-100
Rainier Field Existing Conditions Survey	1-107
Washington Park Field Existing Conditions Survey	1-114
West Magnolia Field Existing Conditions Survey	1-121
West Queen Anne Field Existing Conditions Survey.....	1-127
West Seattle Stadium Existing Conditions Survey.....	1-134

Section Two – Standards and Trends

Introduction	2-1
Sportslighting Fundamentals.....	2-2
Review of Existing Lighting Standards.....	2-8
Trends in Sports Lighting Industry.....	2-24
Review of Recent or Current Capital Investments Made by Comparable Agencies	2-33
City of Seattle Current Land Use Regulations Review	2-36
Recommended Sportsfield Lighting Performance Standards.....	2-37

Section Three – Review of Alternate Ballfield Lighting Systems

Review of Alternate Ballfield Lighting Systems.....	3-1
General Electric – Manufacturing Brochure	3-6
Hubbell – Manufacturing Brochure	3-7
Musco – Manufacturing Brochure	3-8
Qualite- Manufacturing Brochure	3-9
Softlite Systems - Manufacturing Brochure.....	3-10
